At Our AGM

Thanks to everyone that attended the potluck and shared their ideas with the Club. The potential for workshops, Sunday drawing sessions and refurbishment of the stage were discussed. We agreed that the award categories will be replaced by Judges Choice and 3 runner ups at our next Annual juried Exhibition. The existing Executive will stand for their 3rd year in 2020 with the addition of Roger Fontaine as our Membership Coordinator, Cindy Rublee and Dana Pouteau will take over the Newsletter in March.

Would You Like Another Tool in Your Toolkit?

Rob Sim has offered to do a portrait painting in Oil Workshop. We are looking for at least 10 participants and it would be on a Saturday afternoon at the FORUM. I'll put a sign up sheet up at the Club for those wanting in or any other kind of workshop you might be interested in. Spring is the time for growth!

More About Workshops

www.motherofpearlstudioofthearts.com

Skills Development Series taught by Debora Cardaci - The Cardaci Workshops. There are two upcoming workshops in the spring - 'Drawing Basics - Essential Notions of Drawing' - and the second is 'Painting Basics - Harmony in Colour.'

Master Class series where we bring in world class artists to teach various skill sets. Our first was last fall and it sold out in a week. This time I wanted to make sure your Club got a chance to participate should they so desire. In talking to Debora, for a number of your members these workshops would be of great benefit and they are at the appropriate level. The portrait class will be taught by Juan Martinez June 5, 6 and 7. Really great artist who now lives in Regina.

The second one is in the fall with Kadin Goldberg - Plein Air Oil Painting September 25, 26 and 27th..
